TMUA 2023 score conversion tables

Raw mark to TMUA score for the 2023 sitting (2024 entry): Paper 1, Paper 2 and overall.

Source: Cambridge University Press & Assessment, response to Freedom of Information request 2024/06, 10 January 2024, published at whatdotheyknow.com/request/tmua_score_conversion_2023.

These tables score the 2023 papers on the scale used that year. The TMUA scale was rebuilt in 2024, so they do not predict a score on the current test.
